Summer Events

OTR Social Justice Walking Tour

Learning about the state
of affordable housing in
the Cincinnati Area

People Working Cooperatively Project

Hands-on Service
Learning with local non
profit, PWC

Committed To Community Event

End of summer
presentations and a
banquet to celebrate
intern work

Intern Quotes

“As an east-sider, I rarely ventured to the West Side so I enjoyed getting to know a vital part of our Cincinnati community... Getting to talk to the store owners and customers was a great way to become acquainted with the diverse residents of Cincinnati which we will eventually be serving in our medical profession.”
- Minh Nguyen

“I believe I have learned a lot about the adversity these kids face and the extreme circumstances of a lot of the youth at the shelter. I have gained a greater understanding of where these kids are coming from. Almost all of the residents here are here because of circumstances that are out of their own control and because of things that have happened to them.” - Claire Golba

“I think that the Race Track Clinic has given me a very unique and interesting perspective/experience with a community that is entirely underserved, and almost, if not entirely, beneath the poverty line... I think that my experience at RTC will help me navigate the continual battle of aiding and serving patients, current and future, while being cognizant of financial constraints, and seeing what healthcare can do within the ever changing bounds of insurance, medicaid, and economics” - William Clark
